TELEGRAPHIC NEWS

SUNDAY NIGHT'S TELEGRAMS.

FROM WASHINGTON.

News From Spain Via Washington.

WASHINGTON, Dec. 7.—A number of colored persons have arrived to attend the National Civil Right's Convention, which convenes on Tuesday. It is programmed that Pinchback shall preside. The delegation from Lonisiana, sixteen in number, includes Col. James Lewis, General A. E. Barber, State Senator and Hon. David Young.

The protocol signed by Admiral Polo with Secretary Fish on 29th of November, was with the full approbation of his government after mature consideration of all its consequences, and since that time it has expressed no intimation whatever for a change of its terms.

The excitement in the Island of Cuba and the alleged threat concerning the Virginius gave a reasonable foundation for a fear on the part of many persons that the vessel and surviving passengers and crew would not be promptly delivered to the United States authorities, according to the terms of the agreement. But such apprehensions have not been shared by the Executive branch of our governmenment, for it can be positively stated that there is nothing to diminish its confidence in the sincerity of the purpose of the Spanish government, or its ability to execute its engagements. The delay of the transaction has been unavoidable, and only recently the arrangement for the consummation of the terms has been completed. Whatever may have been suggested heretofore as to the programme, it can now be asserted that the Virginius will be delivered to one of our naval vessels within the next ten days at a Cuban port in open day, and the surviving passengers and crew be transferred to a United States ship at Santiago De Cuba in an equally open manner. The vessels to perform these services will soon be, if they have not already been, designated by the Secretary of the Navy. This is the condition of affairs to-night, which has served to inspire a hope of continued peace with Spain, in order that the United States may continue to give their support to the Castellar Government in its efforts to establish a Republic. Admiral Polo has lately received a communication from Captain General Jovellar, in which there is no reference to the subject of his alleged resignation.

HERALD SPECIAL.

Resignation of General Sickles—Fish Goes in to Save His Son-in-Law's Bacon—The Spanish Situation.

NEW YORK, Dec. 7.—A *Herald* special from Paris, Dec. 6th, says that a cypher dispatch from Madrid says the Cuban question is again grave. Minister Sickles to-day tendered his resignation as Minister in consequence of a disagreement about the Spanish complications. This disagreement has existed for some time. It is understood that in the recent negotiations Secretary Fish has acted directly with President Castellar, ignoring Minister Sickles and disapproving of his imperative tone. The *Correspondencia* says that they have had frequent disagreements before There was almost a rupture with Mr. Fish on the occasion of the correspondence attending the removal of Bidwell from Havana and the Hoard case when Mr. Fish ignored Sickles and dealt directly with the Spanish Minister.

It is said in diplomatic circles that the good offices of the British Minister accomplished a settlement, but now as Mr. Fish proposes further considerations, Sickles resigns. The Cuban authorities demand that the Virginius at some Spanish or Porto-Rico port, at the discretion of Saler, the Colonipl Minister thereto, to await arbitration. The opposition to President Castela is culminating in a cabinet crisis. The whole Spanish press indignantly protest against the tone of President Grant's message, as an impertinent interference in Cuban affairs, which is really none of his business.

The cause of the cabinet crisis is the charge that Castellar pandered to America.

The situation here springs from the astounding ignorance, haughtiness, and pride of the people. The feeling is intensely war-like.

NOON DISPATCHES.

FROM NEW YORK.

Death of British Armitage—The Insignificance of Gen. Sickles.

NEW YORK, Dec. 8.—Bishop Armitage, of Wisconsin, died here in St. Lukes Hospital. Dispatches from Milwaukee express a deep and general regret. He was aged 43 years. A tumor in the vicinity of the spine was the cause. He entered the hospital on Thursday last for surgical treatment. An operation was performed but after it the Bishop sank rapidly. His wife was with him during his illness and has charge of the remains.

Work continued at the navy yard yesterday.

A Washington dispatch says that Gen. Sickle's resignation will not in the least affect the relations of our Government with Spain. No late communications with the Spanish Government have passed through his hands and none would, should he remain in Madrid.

FROM KEY WEST.

Spanish Indignation.

LONDON, Dec. 8.—A *News* special says that a crisis in the Madrid Cabinet is imminent. There is great indignation over Grant's message and Castellar's pandering to Washington authorities.

MIDNIGHT DISPATCHES.

FROM WASHINGTON.

Congressional—Bankrupt Matters—A Bill Introduced Removing all Disabilities—The Iron Clad Oath, Etc.—A Gay Dinner Party.

WASHINGTON, D. C., Dec. 8.—SENATE.—Windom, of Minn., introduced a bill incorporating the Southern Trans' Continental railroad, and giving it the right of way through public lands. Referred to Committee on Public Lands.

West introduced a bill protecting the public works on the Mississippi River, also for a better organization of the District Court for Louisiana.

Cooper introduced a bill releiving the East Tennessee University.

Gordon, of Ga., moved that the papers in the case of Francis W. Sykes, of Alabama, be referred to the Committee on Privilages and Elections, and that the Committee have power to send for persons and papers: so ordered.

Sykes is the contestant for the seat now occupied by spencer of Alabama.

Sandeland is elected Chaplain, and Young, Executive Clerk.

The repeal of the salary increase was argued to adjournment.

Conkling's bill amendatory of the bankruptcy act provides for repealing the third paragraph of the thirty-third section of said act, and for adding to, the forty third section a requirement that in all cases of bankruptcy now pending, whether an adjudication of bankruptcy has been had, or not, in all future cases of bankruptcy, whether before or after the adjudication. Whenever an agreement for settlement of a compromise is presented, to which a majority in the number of whose claims amount to $350 and upwards, and two-thirds in value of the creditors shall have assembled in meeting, it shall be the duty of the court to decree that such agreement shall be binding upon all the creditors, and to order the estate wound up, in accordance therewith.

Scott's bill, supplementary to the bankruptcy act, provides that in case a bankrupt proposes to settle with his creditors in full or on a per centage, and four-fifths of the creditors assent to the proposed arrangement, the court may confirm the same, and annul the decree of bankruptcy, provided it shall appear that the interests of the creditors will be promoted thereby.

Shermon's bill, amendatory of the act to restrict the jurisdiction of the Court of Claims, relates to the mode of settling claims in the Quartermaster's Department arising in loyal States.

West's bill to facilitate the execution of and to protect public works at the mouth of Mississippi gives the Secretary of War full control over the channel now in course of excavation and authorizes the collection of fines of from fifty to five hundred dollar for violations of such regulations as he may prescribe.

HOUSE—A vast number of bills, including one for the payment of French spoilations, refunding the proceeds of cotton illegally seized, granting lands for a Railroad from Decater Alamba, to Rome, Georgia, for a ship canal near St. Phillips, Louisiana, for steamship service between New Orleans and Mexican ports, reimburse pensioners dropped during the war.

Negly, of Pennsylvania, introduced and asked to put on its passage a bill modifying the steam boat passenger act by allowing tow boats on the Ohio and Mississippi river to carry 150 pounds on the standard boilers of forty-two ineh diameter, with plates of a quarter of an inch thick. He explained the bill, and stated that it did not change the existing law, but only extended it, as the law would expire by limitation very soon. The bill was passed.

Maynard, of Tennessee, from the Committee on Rules, reported a bill removing all disabilities imposed and remaining on any person by the third section of the Fourteenth Article of the Amendment to the Constitution, and substituting for the iron-clad oath the modified oath now administered to persons whose disabilities have been removed.

Lawrence, of Ohio, asked whether under that law Jefferson Davis might not obtain a seat in either House.

G. T. Hoar inquired whether the Committee on Rules had a right to report such an act of general legislation.

The Speaker doubted very much whether that committee had a right to report it, except under a call.

Hoar said he would not insist on the point.

Butler, of Massachusetts, said that he would.

Maynard moved to suspend the rules and to receive and pass the bill. In reply to Lawrence's question, he said that the late President of the Southern Confederacy might as well as the Vice President have a seat in either House, provided the people should think proper to seat him.

Butler said he would not object to the bill if it had been examined by, and was reported from a committee.

Maynard said it was the unanimous report of the committee.

The bill was then passed by a vote of 141 to 29.

The Jndiciary Committee without action considered William's nomination as Chief Justice.

George L. Smith, newly seated in Congress, gave a dinner to-night at Gay's to the sixteen colored Louisiana delegates to the National Civil Rights Convention, which meets to-morrow. There were present, as guests, Senator West, Mr. Pinchback, General Sypher, General Sheldon, and Messrs. Moray and Darrell.

THE CUBAN DIFFICULTY.

Another say about the Virginius and Crew—The Situation and Location of the Cuban Fortifications.

WASHINGTON, Dec. 8.—The following is an abstract from a dispatch sent to Rear Admiral Scott by Commander Braine and telegraphed to the Secretary of the Navy:

THE WORCHESTER, KEY WEST, FLA., Dec. 8th, 1873.—The Virginius was captured October 31st, at 10 a. m., eighteen miles off Morant Point, Jamaica. She was sighted by the Tornado, twenty miles south of Cuba, and was chased by her eight hours. She fired five shots at her to bring her to. She was captured under the American flag, and carried American papers. She had a clearance from Jamica. Both vessels returned to Santiago De Cuba together in eighteen hours under steam. The Virninius carried the Spanish flag. One hundred and fifty-five persons were captured, of whom 102 are still alive. The shooting of the officers and crews was done under the orders of the previous commandant of the naval forces. The shooting of the passengers was done under the order of Captain General De Bodas. Both sentences were approved by General Burriell. Only four were shot Nov. 4th; thirty-seven, Capt. Fry and crew included, were shot on 7th, and twelve passengers on the eighth. They were tried by a military and marine court martial. They were held twenty-four hours before execution. No counsel for the defence was allowed, and the consul was not informed of the trial. No interrogation of the prisoners was allowed. During the trial Capt. Fry and the crew were kept on board the Tornado; were then taken to jail, their sentence read, and executed the same morning. The trial was entirely secret. After condemnation, the United States Consul was allowed to see Capt. Fry in jail, and this was only two hours before the execution. An armed guard was placed at the door of the consulate, when the Capt. and crew were passing by on the way to their execution.

The defences at Santiago De Cuba are Moro Castle. At the entrane some old works containing thirty guns, ten eight and six inch by report. Only eight guns can be seen. Estralla battery, five six inch guns; Catalina, one gun westward of the entrance; there is one mile of water battery. Blanco battery has four light guns and one ship could silence in an hour all the gun boats while the ship engages the fort.

Signed. G. H. SCOTT,
Rear Admiral

Messages Received.

From the House, a resolution denunciatory of the back salary grab, censuring the bill and those who voted for it.

Harriss, of Wake, offered an amendment to strike out the clause censuring the President.

Mr. Gudger was opposed to the amendment, as he believed that the President by his failure to veto the bill was as much in the mud as the others were in the mire.

Senator Harriss claimed that the Constitution did not permit of an increase of the President's salary.

Mr. Ellis, of Columbus, was opposed to the consumption of time in this General Assembly by discussing and entertaining resolutions of this character. He said we were but only the representatives of the people who, as it is well known, denounced to a man this infamous back salary bill, and thought he would have voted against the bill had he been in Congress, yet he was unwilling to consume the time of the Senate in passing resolutions of one executive body denunciatory of another.

Mr. Waring differed with the gentleman from Columbus, and thought such action on the part of the General Assembly eminently proper and would vote for the resolution.

The yeas and nays were called on, the amendment of Senator Harriss to strike out the clause in regard to the Executive, and the amendment was lost by the following vote:

Ayes—Messrs. Chamberlain, Cramer, Grandy, Harriss, Hill, Holloman, Humphrey, McCabe, McCawley, Ransom, Seymour, Walker, Kirby and Long—14.

Nays—Messrs. Allen, Barnhardt, Cowles, Harriss, Ellis, of Catawba, Ellis, of Columbus, Gudger, Heaton, Love, Miller, Morehead, Guilford, Murry, Nicholson, Norwood, Price, Todd, Waring, Welch and Worth—21.

Mr. Humphrey rose to explain his vote stating that he did not think the President could have vetoed the vote without vetoing the entire appropriation bill of Congress and would therefore vote aye.

The vote then occurred on the passage of the resolution, which was adopted by the following vote:

AYES—Messrs. Allen, Barnhardt, Davis, Ellis, of Catawba, Gudger, Holloman, Horton, Humphrey, King, Love, Morehead, of Guilford, Murphy, Murray, Nicholson, Norwood, Price, Ransom, Todd, Walker, Waring, Welch and Worth—21.

THE SOLUTION OF THE ARMSTRONG MYSTERY—THE RIVER GIVING UP ITS DEAD.—We copy from the New York *Sunday Mercury* the following in regard to the misterious disappearance of Mr. Thomas Armstrong, heretofore mentioned in the NEWS:

"On election day, Mr. Thomas Armstrong, of the firm of Campbell & Armstrong, dealers in bookbinders' leather and materials, No. 164 William street, left his place of business at an early hour of the afternoon to go to his residence No. 81 Hicks street, Brooklyn. He had a large sum of money, together with a valuable set of diamond studs, a pair of onyx sleeve-buttons, and a splendid gold watch and chain on his person, and appeared to be in his usual good spirits. Mr. Armstrong was to be married on the next day, but though his friends waited and he never came home. A large reward was offered for the missing man, but no tidings were received until yesterday forenoon, when officer Elliott found the body of an unknown man in the East River, near the Staten Island Ferry. He brought the body ashore and notified Coroner Herlman, who, on examining the contents of the man's pockets, found a business card with the address of the firm of Campbell & Armstrong, No. 164 William street, the gold watch and jewelry described in the handbills, but there was not a cent of money in either pockets of the deceased.

The coroner communicated with the friends of deceased, who have no doubt that the body found is that of Mr. Armstrong.

There were no cuts or marks of violence on the body, but the circumstance that deceased, when last seen alive, had a good supply of cash, and that the pockets of the body, when found, were empty, gives rise to suspicions of foul play.

THE BERGER BELL RINGERS, who are to appear in our city on Saturday night next, have elicited many encomiums from the press in every city and town where they have given entertainments, and our citizens have in store for them a rich musical treat. Their music is truly sweet and harmonious, and makes every fibre of the heart that is not dead to the concord of sweet sounds vibrate with joyful rapture. Every emotion that can be aroused by delightful, pure, clear and thrilling sounds is called forth and renewed.

A former visit to Raleigh made many friends for this truly excellent family of musicians, and the amateurs in the art, of our community particularly, will hail their return with enthusiasm. Those who have not heard them, we would adivse to avail themselves of the opportunity of listening to a symphonious performance that will lift them above ordinary emotions, and of which they would never tire. Those who have heard them, will do so again.

PRESS-INGLY ENGAGED.—We learn that Thomas J. Roberts, Esq., the accomplished young localizer of the *Asheville Expositor*, was in town on Saturday "*press*-ingly engaged" making purchases. The investment will doubtless be WORTH a fortune to him. We regret that we were not permitted to shake the hand of our respected confrere, but nevertheless wish him all success in his Worth-y enterprise.

THE DAILY NEWS.

JORDAN STONE, Managing Editor.
SAM'L T. WILLIAMS, Political Editor.

TUESDAY.....DECEMBER 9, 1873.

THE Democratic victory in Texas, although not unexpected, is glorious.

THE country will rejoice to learn that SICKLES has at last sent in his resignation as Minister at Madrid. SICKLES thinks Secretary FISH ignored him in negotiating directly with the Spanish Ministry. The Government did not like SICKLE'S mood—it was rather imperative.

THE *Sentinel* has been charging for sometime that it has a witness who will swear he saw Dr. HAWKINS hand one of the Proprietors of the NEWS five hundred dollars. But the *Sentinel* takes care to conceal the name of its informant. We dare the Editor to name him! If there is such a being, he must be of a very abandoned character that the *Sentinel* is ashamed to give his name. When its witness is named, he will be some contemptible fellow of bad character.

WHEN TURNER wrote the ANDERSON–NORWOOD letter to "frighten" Senator NORWOOD because the latter gentleman had at heart the Klu Klux amnesty measure, did it occur to TURNER that he had advised raids on certain citizens of Orange and Alamance? It is stated that he actually wrote readers to the raiders and that the letters can be produced. Now this may not be so, but will he deny, that although he was not a Ku Klux, he counselled raids by them, and then wrote the ANDERSON letter, which threatened to defeat amnesty for the Ku Klux?

Turner's Veracity.

Nor can the man be found who will say we ever deceived him or told him an untruth, whether in political or other matters.—*Raleigh Sentinel of the 6th inst.*

The President of the bank was George W. Swepson, who at the bank paid the money to Mr. William E. Pell, and Mr. Pell, in his presence, upon receiving the money made a bill of sale, conveying the property, not to us, but to a trustee, for the benefit of Mrs. Turner and her children.—*Raleigh Sentinel of the 4th.*

TURNER seeks to create the impression on the public mind that he got the five thousand dollars from SWEPSON in his official capacity as President of the Raleigh National Bank, when the truth is he got it from SWEPSON in his individual capacity.

Rev. WILLIAM E. PELL, in his card to TURNER, published in the *Sentinel* of March the 26th, 1870, in regard to the purchase of the *Sentinel*, says:

"*I received the entire amount of the purchase money for the office in the spring of 1869.*"

Now GEO. W. SWEPSON was not President of the bank in 1869. TURNER says "the President of the bank was GEO. W. SWEPSON, who at the bank paid the money to WILLIAM E. PELL." This is not true.

Mr. Pell in the same card says he sold the establishment to TURNER on the 1st day of December, 1868, but the money was not paid till the Spring of 1869.

R. W. PULLIAM was elected President of the Raleigh National Bank in 1866, and at no time after that was SWEPSON President. Certain it is, that SWEPSON was never President of any bank in 1868 or 1869. TURNER got the $5,000 from SWEPSON individual capacity, and not as President of the bank. SWEPSON made the debt at his own risk.

"AS THIS, THE ($5,000) IS THE DEBT CONTRACTED TO PURCHASE THE SENTINEL' THE SENTINEL IS STILL LIABLE FOR IT."

Turner has never returned this money. He owes it yet. Who belongs to the SWEPSON Ring?

Turner as a Disorganizer—A Precious Document.

Last winter when Gov. VANCE was nominated for United States Senator by the Conservative party, the *Sentinel*, although the then recognized organ, did not in its editorial columns come to his support. We will prove before we get through with TURNER that he was instrumental in causing Gov. VANCE'S defeat. We shall show that during the struggle, when thirteen Conservatives declined to support the caucus nominee and by holding the balance of power, prevented an election for several days, the *Sentinel* published communications justifying their action—and containing attacks on the caucus, and that that paper uttered not a word in favor of Gov. VANCE'S claims as the nominee of the party.

We shall, in our next, trace the course of the *Sentinel* from the day Gov. VANCE was nominated until he was defeated, and will show all that TURNER said himself and all that he published from others on that memorable Senatorial contest. We shall also show how some of the bolters in the Senate attempted to get the printing for the *Sentinel* after the contract was made last winter, and how one of them denounced the NEWS because, to use his language, "it came grumbling over Governor VANCE'S defeat."

Before doing this, we ask the reader's attention to the following extracts from

TURNER'S PETITION FOR PARDON.

This petition was made after the close of the war, on the 29th day of August, 1865, and the oath is taken before A. C. MURDOCK, Commissioner. The document covers thirty-five pages of legal cap paper. If our space would allow, we would publish it in full—but we will publish from time to time, in order to show the character of the man who aspires to lead the Conservative party in North Carolina.

The petition is addressed to ANDREW JOHNSON, President of the United States. As the character of the document speaks for itself, no comment on that point is necessary.

It has been the duty of all good men in North Carolina, since the close of the war, to bury, as far as possible, their old prejudices and party animosities, in a common effort to keep the State from the hands of the Radicals. No good can come out the attempt to excite odium against old line Whigs or old line Democrats, for what they did before or during the war.

But a few days ago, the *Sentinel* published a conversation between Mr. TURNER and his devoted friend and admirer, Dr. J. T. LEACH, of Johnson county, in which the latter referred to fighting the secession Democracy for bringing on the war. And the *Sentinel* published a communication from the same Dr. LEACH last winter, that if the fight was to be made against the Radicals under the name of Democrats, to count him out, that he had as soon be called a Republican as a Democrat.

Now, we ask the Conservative party of North Carolina, old Whigs as well as old Democrats—we confess we know no distinction between them—what can be thought of the man who will give utterance, several months after the close of the war to such an indictment as the following, contained in JOSIAH TURNER, Jr's petition to ANDREW JOHNSON for pardon:

STATE OF NORTH CAROLINA, }
Orange County. }

To the President of the United States:

The petition of JOSIAH TURNER, Jr., of the county and State aforesaid, asking the benefit of your Excellency's amnesty proclamation, and stating that he was a private in the Confederate army in 1861, and was subsequently a Captain of cavalry. In 1863 he was elected a member of the Confederate Congress.

And now, having stated all that is required, he proposes (and in it he is encouraged by the example of others) to indulge in a few reflections and observations upon the late Democratic rebellion, an undertaking, he admits, of great delicacy, for if he fails to give the true causes he becomes ridiculous. If he should give the causes that led to the rebellion, it will come so near persons of weight and consequence, that they, with their host of followers, will be angered at the exposure of their errors, rather than thankful for the occasion of correcting them.

I now State, and will endeavor to make good, the assertion that the doctrines and teachings of THOMAS JEFFERSON, as laid down in his resolutions of 1798-'99, and practiced by his followers in 1860-'61, were neither constitutional or patriotic. Though not treason, they led to treason, and the civil war from which we have just emerged. It was inevitable, JEFFERSON'S principles and party had to destroy the Constitution, or the Constitution had to destroy JEFFERSON'S principles and the Jeffersonian democracy. They could not exist in concord together.

After sixty years dispute and four years war, JEFFERSON'S principles are destroyed by the Constitution and buried in abloody grave.

* * * Secession could not cancel the deed which South Carolina had made to the United States for Fort Sumpter, so she interposed for the Fort on the —— of April, 1861, through the agency of EDMUND RUFFIN, who was a Virginia Democrat and firm believer in the resolution of 98-99.

* * * I can find no justification or excuse for the negotiation and agreement between the President of the United States and the Governor of North Carolina, as is shown by the following correspondence to put off the war pending Mr. BUCHANAN'S administration and throw it upon Mr. LINCOLN'S administration. The Hon. WM. ASHE and other Democrats determined to take the forts in North Carolina; they caused them to be seized and occupied by North Carolina troops which acts produced the following correspondence:

[Here follows the correspondence in full between Gov. ELLIS and Mr HOLT, Mr. BUCHANAN'S Secretary of War *ad interim*, in regard to the North Carolina Forts, on which Mr. TURNER comments in terms of denunciation of Gov. ELLIS' letter—characterizing it as arrogant and unwarranted. He says Junius would call this correspondence the extreme of faction and the last degree of political wickedness. He then continues.]

* * * Who but Democracy have kept the public mind disturbed with projects on foot to endanger the concord of the Union? Who but Democracy composed the Nashville Convention for disunion in 1844?

* * * Twenty years ago the Hon. ABRAHAM W. VENABLE could be elected to Congress from North Carolina and continued there uttering the sentiment that he owed no allegiance to the United States, but to North Carolina. By such Democratic teachers have the people been alienated from their duty as citizens, and from the natural affection for the government of the United States.

* * * The National Democracy generally looked upon HAMILTON and GEORGE the Third through the same glass. I never heard a Democrat denounce KING GEORGE, but I venture there is not one Democrat on the continent who has not held up HAMILTON and his principles in odious colors to the people. Yet HAMILTON'S principles were the principles of WASHINGTON and Chief Justice MARSHALL. Now that the idol of State Sovereignty, so long worshipped by Democracy, is thrown down, and her temples desecrated, the same party will not be slow in erecting altars to Federal Sovereignty, sacrificing to HAMILTON instead of to JEFFERSON.

I heard a distinguished member of the Provisional Congress that met in Montgomery say there was no man in that Congress who expected a gun would be fired, because of secession.

The truth is the Democratic faction had become stronger than the Government, the party flattered itself that Democracy was necessary to the support of all law, order and government everything that tended to the support of the party was sanctified and become a part of the government and public interest. They thought all practices lawful for party. They could stand JOHN BROWN'S raid and the passage of personal liberty bills, but they could not stand defeat in the Presidential election.

That is the weak point in all elective government, if they can stand elections they can stand anything and are the strongest forms of government.

I have called this a Democratic Rebellion: it was pre-eminently so in North Caroina. Secession here in 1860, was begun neither by nor before the people, but by a Democratic Governor and a Democratic Legislature assembled at the capitol. * *

But few Democrats in the South will take this view of the origin of the war, because of the self condemnation which follows. They attribute the war to "President LINCOLN and the black Republican party," as they called it.

Many union Democrats of the South who stood upon the resolutions of 1798-'99, voted for BRECKENRIDGE, the secession candidate, and even taught secession, now say the war was brought about by "slaveholders by the slaveocracy." By these false means they think to absolve themselves from the guilt of their party.

I cast my lot with the South not because I justified or approved their action, but I had to do that or do worse. Men must often do what that they do not approve in order to avoid a worse evil.

SPECIAL NOTICES.

BILLOUS.—If you feel dull, drowsy, debilitated, despondent, have frequent headache, mouth tastes badly in morning, irregular appetite and tongue coated, you are suffering from Torpid Liver or "Biliousness." In many cases of "Liver Complaint" only a part of these symptoms are experienced. As a remedy for all such cases, Dr. Pierce's Golden Medical Discovery has no equal, as it effects perfect cures, leaving the liver strengthened and healthy. Sold by all first-class druggists.

How unnecessary the anguish many persons undergo from rheumatism, gout, neuralgia, toothache and earache. What unnecessary because the application of Mexican Mustang Liniment to the affected part, or a few drops of it in the ears or tooth, affords instantaneous, and what is better, permanent relief. For cuts wounds, bruises, swellings, and all injuries or diseases which require treatment externally, this liniment is everywhere regarded as the most potent and reliable healing agent in existence. For all external injuries or ailments of horses and cattle, it is infallible.

His Honor, HENRY POTTER, late Judge of the United States Court for the District of North Carolina, gave the following as his opinion of Beckwith's Pills:
"For some ten or twelve years past I have been in the habit of using DR. BECKWITH'S ANTI-DYSPEPTIC PILLS in my family, and consider them so valuable a domestic medicine, that I never suffer my stock to be exhausted. I have used them with good effect in dyspeptic cases, under various modifications, and have found them efficacious in relieving from Sick Headache, and from all the usual symptoms of functional derangement of the viscera. As an apperient, they are excellent. I have long had the pleasure of an intimate acquaintance with the inventor of these Pills. He is a gentleman of talents, integrity and worth, and he ranks high in the science of medicine and the healing art.
H. POTTER."
Prepared by E. R. Beckwith, (successor to Dr. John Beckwith) Proprietor, Petersburg, Va. Sold by Druggist generally at 25 cents per box. Joseph Carr, Wholesale Agent, Petersburg, Va.

Mosquitoes still afflict Newbern.

The colored Baptists of Tarboro have been holding a Fair.

The special term of the Halifax county Superior Court begins on Monday.

There are 193 pupils in attendance upon the Graded School in Charlotte.

Horse thieves are depredating in the neighborhood of Trenton, Jones county.

Rev. Jacob Doll, of Yanceyville, is rapidly recovering from his recent illness.

Navigation in the Cape Fear, between Fayetteville and Wilmington is easy.

Mrs. Exum Lewis died at the residence of her husband, in Weldon, on Thursday.

Edgecombe county issued 11 marriage licenses during the month of November.

Sheriff Bryan, of Edgecombe county, has been indicted for mal-treatment of prisoners.

R. R. Hill has been elected Assistant Foreman of the Atlantic Fire Company, Newbern.

Mr. David Waddell, an old and highly esteemed citizen of Iredell county, died on Sunday of last week.

A little son of J. D. Garris, Esq., of Garysburg, was thrown from a hand-car on Tuesday last, and had his arm broken.

Two negroes were caught the other night in Wilmington in the act of committing burglary upon a millinery establishment.

Mrs. Uriah Benton, who lives near Enfield, was thrown from a buggy on Wednesday last and badly hurt. So says the *Roanoke News*.

A free fight among a lot of negroes occurred on Saturday of last week at Braswell's Store, Edgecombe county. Several heads were split open.

A free fight occurred the other day in the lower end of Anson county, in which a man by the name of Adams was cut six times with a knife.

The other day a negro in being carried to the Edgecombe county jail on the charge of stealing cotton, leaped from the cars near Whitakers, and made his escape.

Simon Bitting, a colored man, living in Statesville, on Monday night of last week, shot and killed another colored man by the name of John Austin, who he was endeavoring to arrest on the charge of burglary. Bittings presented to the Superior Court, which was then in session. Fined $20 and released.

Says the Tarboro *Enquirer* of the 6th inst:

"We saw a day or two ago a hickory cane once the property of Andrew Jackson. It has Jackson's name cut in the knots, and across the top is the name of W. L. Shaffer, a member of Jackson's staff. The cane is now the property of Mr. B. F. Pitt, of Battleboro. This cane has been exhibited several of our Fairs as a true and genuine relic.'

Says the Enfield *Times* of the 6th instant: "We learn that on Wednesday last, Mr. Wm. Kitchen, of Scotland Neck, had a difficulty with a negro at his gin, and blows were passed. At a subsequent meeting of the parties, the negro renewed the quarrel, saying he was not satisfied, and was struck on the head with a gun by Mr. Kitchen, the effects of which blow it is thought will prove fatal."

In relation to the free schools of Wilmington, the *Star* of the 6th inst. says:

"These schools have just completed the first two months of the annual session. The books of the Superintendent show a total enrollment of 993 pupils, 359 of which are white and 634 colored. Twenty teachers employed, fourteen white and six colored. Six different buildings are used for school purposes, and these are so located as to afford school privileges to all our inhabitants. All the branches requisite to a good English education are taught in these schools. They are freely opened to all children between the ages of six and twenty-one, and the Committee feel confident that they will be able to provide for all the children that may apply for admittance. Considering that this is the first session in which anything like a system of city public schools has been maintained in Wilmington, those interested feel encouraged in view of the above facts.

Mr. Morey, of Louisiana, has introduced into the House of Representatives a bill for the relief of the Southern States by the exchange of their bonds for those of the United States. We have not seen the details of the bill; but we can hardly suppose that it is intended for more than a bid for home popularity by Mr. Morey. It would be very good indeed for the holders of the Southern States' bonds to get United States bonds in their place. And, if the Southern people were expected to pay the United States Government the interest and principal of their bonds thus exchanged, the only party benefitted would be the holders of the State bonds. If ever such an exchange is favorably considered the State bonds should only be valued at their price in the market at this time. Exchanged at that rate, the process would be fair and beneficial to all parties. But there is hardly a possibility that any such exchange will ever be made.—*Richmond (Va.) Dispatch.*

It is becoming hard to tell whether the United States troops and settlers, or the famous Modocs are most entitled to go down to posterity as representative savages. Little matters have come to light since the hanging of Captain Jack and part of his band, that incline the balance on the side of civilization rather in favor of the Indians. It seems that Captain Jack was buried. Somebody was not to be thus balked of a speculation, however. His body was dug up at midnight. The grave was refilled. The body was then carried to the fort and the head taken off, and shipped east. The remainder of the body was put in a barrel, and ostensibly as Government stores—pickled Indian—was sent after the head. So says the editor of an Oregon paper

A MODERN JUROR.—United States Attorney Lane tells the following in relation to his experiences in one of the Iowa courts: A case in which he had been detained came up for trial a second time, having been through the judicial mill once and redocketed on error. A jury was empannelled, and among the questions propounded to each talesman was this: "Were you a juror in this case before, or do you know anything about it?" Each man of the twelve answered no, and the attorney was about to pass the jury, when his counsel suggested that one of the jurors had certainly been similarly engaged in the first trial. Mr. Lane called up the suspected man and inquired if he knew anything of the case. "No, sir," was the prompt reply. "But were you not on the jury when it was first tried?" queried the attorney. The juror responded, "Well, now that you speak of it, I believe I was on the jury, but I didn't pay enough attention to the case to know anything about it."

A curious story comes across the ocean of a shapeless bundle of rags found recently in a tree-top in the South African colony of Natal. It is said to be one of the missing balloons which floated out of Paris during the siege with a freight of letters and dispatches—orders from the Government of National Defence to its generals in the field, and messages of love and cheer, of sorrow and complaint from the suffering citizens to their friends outside. Natal is about five thousand miles distant from Paris, in a southerly direction.

It has transpired that the proposition to deliver the Virginius to a neutral power, came as an unoffical suggestion from Cuban officials, and will not be noticed by the United States government.

At the bankrupt sales in Petersburg Thursday, the stock of Plummer, Young & Co. was knocked down to that firm at $50,300. E. G. James & Co. also bought their own stock for $57,805.

TURNER'S ALMANAC

It is undoubtedly the best publication of the kind in the State. There is none other to compare with it in point of usseful information and general adaptation to the wants of our people.—[Carolina Watchman, Salisbury.]

* * * This Almanac is the most valuable now published in North Carolina and should be in every family.—[Tarboro Southerner.]

TURNER'S N. C. ALMANAS.—This is one of the most complete almanacs ever published in North Carolina, and contains features that others have never known.—[Christian Advocate, Raleigh.]

It is sold for 10 cents and is richly worth ten times the price.—[Warrenton Gazette.]

The department devoted to the annual State record of 1873, is a new feature of the Almanac tha will commend it to popular favor everywhere.—[Daily Journal, Wilmington.]

It is a neat, well gotton up, useful, ornamental humorous practical, and scientific work, which ought to hang on a nail by the mantel piece of everybody, and if our merchants are as sharp as we think they ought to be, they will not hesitate to send for a supply for their customers.—[Western Vindicator, Newton.]

The information in regard to the State and National Governments, their officers, &c., is worth more than the price of the Almanac.—[Charlotte Democrat.]

It is carefully calculated by Rev. Dr. Craven of Trinity College, and altogether forms such an interesting reference book for the Farmer, Merchant and others that they will be fully compensated in the small outlay of 10 cents a copy.—[Times, Newbern.]

PEARCE COTTON.

The above Cotton was introduced into this State by the undersigned about two years ago, this being the second crop. This Cotton is of the long staple species, resembling in appearance, texture and staple, if not equal to the celebrated Sea Island Cotton, therefore commanding a price much above that of the best grade of the common kind. It is also the most prolific Cotton now known in the United States, so pronounced by many of our best planters who have seen it grow. It grows in clusters of from eight to twelve squares, and as many as five hundred and upwards of bolls and squares can be counted to the stalk, producing from three to four thousand pounds of seed cotton per acre on good land. It is also an earlier Cotton than the common kind.

Seed for sale by the undersigned at ten dollars per gallon, or four dollars per pound. Small quantities can be sent by Mail, large quantities by Express.

All monies or seed can either be sent by Registered Letter or Post Office Order, to the undersigned at Hilliardston, Nash Co., N. C.

Orders for seed will be promptly attended to.

LOCAL MATTER.

UNITED STATES CIRCUIT COURT.—In the case of U. S. vs. E. W. Carpenter, for defrauding the United States in the matter of pensions, &c., tried on Saturday, the Solicitor agreed that the jury might return a verdict of not guilty.

Yesterday the Court met pursuant t oadjournment, Hon. G. W. Brooks Judge, presiding.

In the case of R. C. Windley vs. Thos. D. Bradway and Sarah A. Petit, a motion for a new trial was made by Plaintiff's counsel Messrs. Battle & Sons and Smith & Strong, and opposed by Messrs. Batchelor & Busbee for defendants. The Judge reserved his decision. Several defendants were called and failed and judgment *nisi* entered.

In the libel case vs. the property of J. J. Cathron in which the jury returned a verdict last week, a motion was made by Disirict Attorney Badger to set aside the verdict—motion allowed and a new trial granted, &c.

In the case of the United States vs. C. D. Upchurch a new bill returned at this term of the Court set for trial on Wednesday next. All the indictments found at last term aginst this defendant have been disposed of by *nol pros* and verdicts of not guilty.

The case of the United States vs. H. G. Bates for extortions by virtue of his office as United States officer, being a surgeon in the pension Bureau, was called as the first case of the afternoon session.

Mr. A. S. Seymour appeared for the defendant and District Attorney Badger for the government.

The jury retired at six o'clock and were out till nearly eleven, when they returned a verdict of not guilty.

OUR REPRESENTATIVES IN CONGRESS.—The North Carolina Representives in Congress are disposed of as follows:

SENATE.

Ransom—Military Affairs, Railroads and Revision of the Laws.

Merrimon—Post-offices, Post Roads and Claims.

HOUSE.

Ashe—Coinage, Weights and Measures.

Cobb—Freedman's Affairs (Chairman) and War Claims.

Leach—District of Columbia.

Robbins—Public Expenditures.

Smith—Public Expenditures and Patents.

Thomas—Elections.

Waddell—Manufactures and Public Printing.

Vance—Revolutionary Pensions.

THE SICK.—Senator Dunham is still confined to his bed, though gradually recovering.

Representative Stanford is still quite ill but improving. His lady arrived in the city Saturday evening, and is with him at the Yarborough.

Representative Davis, from Lenoir, who was taken suddenly ill at Goldsboro while *en route* to this city at the beginning of the session, is still in a critical condition at his residence in Lenoir.

Senator King has so far recovered as to be able to resume his seat in the Senate.

Col. David Settle, of Rockingham, and Senator Powell, of Chatham, are both on sick leave of absence.

PAINFUL ACCIDENT.—At Gaston, on Friday, Lady Gee, the wife of Guilford Gee, (col.,) accidentally shot herself through the arm just above the wrist while handing the gun to her husband to shoot a hawk. The gun was loaded with small shot, and nearly tore the arm off. The hand was hanging merely by shreds. Dr. L. Julien Picot, of Littleton, amputated the forearm, assisted by Dr. Isaac Green, of Weldon. When last heard from she was doing well. It is a very respectable family and has the sympathy of many friends.

ANNIVERSARY CELEBRATION.—We return thanks to the managers for an invitation to be present at the Anniversary of the Columbian and Thesperian Literary Societies of Trinity College, which occurs Friday evening, January 16th, 1874.

Turner's Petition.

"I voted against arming the State. I voted against calling a Convention of the State for the purpose of seceding. After we were in the war and I in the army, I voted against a resolution thanking Gov. ELLIS for his proclamation calling for troops, and other acts of his involving the State in war. *I even wrote a letter to James Buchanan apprising him of the danger threatening the Forts of North Carolina, and proposing to take possession of Fort Caswell, with one hundred men, if he would re-enforce me.*" [JOSIAH TURNER, JR., in his petition to ANDREW JOHNSON, August, 1865, asking for pardon.]

CHARLES PRATT:

NEW YORK, May 13th, 1869.

DEAR SIR:—The undersigned, officers of Fire Insurance Companies, have noticed, with pleasure, your endeavors to introduce a safe and reliable illuminating oil, in place of the cheap and low grades of Kerosene Oil so commonly used. The merits of your "Astral" Oil, which are so generally conceded by scientific men, the press, and the public at large, leads us to hope that your endeavors may be crowned with success, and that consumers will fully protect themselves from FIRE and ACCIDENT, by the use of an oil which is PERFECTLY SAFE.

Such we think the "Astral" Oil to be (standing as it does a test of 155 degrees against 110 degrees of best Kerosene,) and we feel that its general introduction as a security, would materially diminish the Fire Risks on all buildings in which Kerosene is stored or used.

Robt. D. Hart, President Astor Fire Insurance Company.
J. V. Harriott, President Fireman's Insurance Company.
B. S. Walcott, President Hanover Fire Insurance Company.
E. J Lowber, President Corn Exchange Insurance Company.
George W. Savage, President International Insurance Company.
Stephen Crowell, President Phoenix Insurance Company.

Special attention is called to the following letter, from Prof. W. C. Kerr, Geologist for the State of North Carolina:

GEOLOGICAL ROOMS,
Raleigh, N. C., July 4th, 1870.

JULIUS LEWIS, ESQ.:—Dear Sir—I have subjected the sample of PRATT'S ASTRAL OIL you sent me to a rigorous fire test. I find it does not flash below 145 degrees, nor burn below 155 degrees. I consider it PERFECTLY SAFE.

Yours, W. C. KERR.
